## XXXIV. XXXV. XXXVI. XXXVII.

Various fragments of Roman Military Ensigns, being thin plates of Silver found near Stony-Stratford, Bucks. on Fig. 456 with the Arctures figured in Pl. XXXVIII and XXXIX. Fig. 456

By a reference to the Figures of Roman Military Ensigns on Trajan's Column at Rome, engraved by P. Santi Barthele (from which the four figures above represented are taken) it seems that the several Arctures figured in these plates, have been of such Ensigns; tho' being of a much later date, the fashion of the ornaments was somewhat changed.

The Inscription on Fig 7 in Pl. XXXIX serves to confirm this
